

MUN – THEN AND NOW

MUN still exists at the school and goes from strength to strength. Mr John Piggin took over the reins in 1993 from Mr Roy Bushin who set up MUN in 1981, and this year Mr Simon Keable-Elliott takes on the role as Director with Mr Adam Tansley as his Deputy. Pictures here are from New York in 1986 when RRS represented the PLO, from our own conference later in 1986, from the 25th RRS MUN anniversary in 2006 and from last year's conference held at school (2012). At this conference, 32 schools represented 85 countries.

Schoolboys take up the PLO cause

ROYAL Russell School's mock United Nations delegation are all fired-up to argue the Palestinian cause at a model UN conference in New York later this month.

The seven pupils from the Coombe Lane, Croydon school — the only British school taking part — will comprise the official Palestine Liberation Organisation at the conference.

The boys head off to New York on March 25 and during their four-day stay, each will get a chance to argue the PLO cause on

various model UN committees.

To prepare for their mission, the boys have been visiting UN experts and PLO representatives in London.

And next week, to cap off their preparations, they will take part in a conference at the House of Commons on the role of the UN.
