

Treasurer's Report for year ended 31 August 2015

Profit has increased marginally from the previous year, up 0.11%, total funds increasing by 14.60% on prior year.

This has been helped by not having to bear any significant costs, however we have continued to provide monetary support for the O.R. football tournament arranged by Steve Greaves.

Money from donations and subscriptions has stayed relatively static, year on year, with a small income being provided from the sale of badges, ties etc.

Subscriptions from school leavers continue to be at £50 per person from which the majority of our income is generated.

Simon Jones
O.R. Treasurer
